Voice Command

Picks up calls without pressing a button. Simply say "answer" while the phone is ringing and the headset will automatically connect to the call.

AT&T Softphone Call Manager

Bring online calls off the screen and into your home phone system. AT&T Softphone Call Manager merges Microsoft® Linc®, Skype™, VoIP and landline telephone services for flexible, full-access communication on one convenient system.

Caller ID Announce

Sceening calls has never been easier. The name of the caller is announced during the ringing cycle so you can decided if you want to answer the call.
